MARCH, 1985

Sun City Amateur Radio Club, Inc.

SAVE - SAVE - SAVE - This issue of the Short Skip.

The SUN CITIES 2-METER ALERT LIST is on the reverse side.

It includes SCARC 2-meter hams who responded to our survey, as well as SCW 2-meter hams from W1RGH's compilation. Equipment needs will vary with each situation, sometimes requiring mostly hand-helds or mobiles or base stations. The list will be updated every 3 to 6 months, or sooner if necessary. If you wish your name to be deleted, call our secretary, Ray Sumner (972-8733) -- (also if you wish your name to be added). **KEEP THIS LIST HANDY.**

DON'T FORGET! THIS SUNDAY, MARCH 17th is the ARCA SPRING SWAPFEST at SOUTH MOUNTAIN PARK. Go south on Central Avenue into the park, and follow the signs.

This month's SCARC meeting is Tuesday, March 19th at 7:30 PM at Fairway Rec Center. Bring your non-driving ham neighbors and come early to chat with friends. Chuck and Ruth Stone are back from Dominica, W.I., and Chuck will tell us something about the island and operating from the West Indies during a DX contest.

Many thanks to Bob N7ECE and his fine crew of Volunteer Examiners for a well-run upgrade session. We expect a bigger turnout of SCARC upgraders at the next exam on May 18th at DeVry Institute, 2149 W. Dunlap. Send a 610 Form (w/copy of license) and check for \$4 (made out to ARRL/VEC) to Bob Drake, N7ECE, 2207 W. Eugie Ave., Phoenix, AZ 85029 by April 18th.

A word to prospective upgraders: ARRL's new "Technician/General Class License Manual" (\$5) has all the theory (plus questions and answers) necessary to pass the Element 3 exam. Their earlier publication, "Radio Amateur's License Manual" (\$4), has the theory, questions and answers to Elements 4A (Advanced) and 4B (Extra), which will be valid for the May exam.

Waiting for their Novice call letters are Arnold Strautman and Phil Beggs. Waiting for his Advanced call is your editor.
